

1. SUPPLEMENT

dated 15 January 2024

regarding the

Prospectus dated 16 March 2023

SUN INVEST CLEAN ENERGY EURO BOND 2023

of

Sun Invest AG

The supplement (hereinafter, "**Supplement**") of Sun Invest Capital AG (hereinafter, the "**Issuer**") constitutes a supplement in the sense of article 23 of Regulation (EU) 2017/1129 of the European Parliament and of the Council of 14 June 2017 on the prospectus to be published when securities are offered to the public or admitted to trading on a regulated market, and repealing Directive 2003/71/EC ("**Prospectus Regulation**"), which supplements the prospectus dated 16 March 2023 (hereinafter, the "**Prospectus**") regarding the public offer of Sun Invest Clean Energy Euro Bond 2023 (hereinafter, the "**Bonds**"). The Prospectus and the Supplement shall hereinafter be referred to as "**Supplemented Prospectus**". This Supplement supplements and amends the Prospectus and shall be read in conjunction with the Prospectus

The Prospectus has been approved by the Financial Market Authority of the Principality of Liechtenstein (hereinafter, "**FMA Liechtenstein**") on 16 March 2023 and notified with the competent supervisory authorities in Austria, Bulgaria, Croatia, Czech Republic, France, Germany, Italy, Luxembourg, Poland, Romania, Slovakia and Slovenia. In Switzerland the Prospectus has been approved in accordance with the Financial Services Act.

The Prospectus has been filed with the FMA Liechtenstein in its capacity as competent authority and has been made available to ESMA by the FMA Liechtenstein and has been published on the website of the Issuer under the link www.suninvestag.com.

This Supplement was submitted for approval with the FMA Liechtenstein on 12 January 2024 in accordance with the Prospectus Regulation. The approved Supplement dated 15 January 2024 was notified by the FMA Liechtenstein with the competent supervisory authorities in Austria, Bulgaria, Croatia, Czech Republic, France, Germany, Italy, Luxembourg, Poland, Romania, Slovakia and Slovenia. After having been approved, the Supplement has been filed with the FMA Liechtenstein in its capacity as competent authority and has been made available to ESMA by the FMA Liechtenstein and has been published on the website of the Issuer under www.suninvestag.com. Hence, the Supplement is available for investors on the website of the Issuer.

The Supplement does not constitute an offer to buy or sell, or a solicitation of an offer to purchase, Bonds.

RIGHTS OF WITHDRAWAL FOR INVESTORS

capable of affecting the assessment of the Bonds in accordance with article 23 of the Prospectus Regulation, shall entitle investors who have already agreed to purchase or subscribe for the Bonds before the Supplement has been published to withdraw their acceptances within a time limit of two working days after the Publication of the Supplement, provided that the significant new factor, material mistake or material inaccuracy have arose or was noted before the closing of the offer period or the delivery of the securities, whichever occurs first. prior to the end of the offer of the Bonds and the delivery of the Bonds.

The accuracy of the content of the information provided in this Supplement was not reviewed by the FMA Liechtenstein under the corresponding legal provisions.

Balzers, January 2024

The following factors have been determined to be significant new factors, material mistakes or material inaccuracies relating to the information included in the Prospectus which are capable of affecting the assessment of the Bonds and are therefore being supplemented. The Prospectus is amended and supplemented as follows (the page numbers which are mentioned in this Supplement are referring to the page numbers in the Prospectus).

1. Amendments and supplements to the summary of the Prospectus

1.1. Page 13 – section 2.2.1. Who is the issuer of the securities?

The membership in the board of directors of the Issuer and Sun Contracting AG has changed. Hence, the second-to-last paragraph of section 2.2.1. *Who is the issuer of the securities?* shall be amended and shall read as follows:

"As the date of this Prospectus, Markus Urmann is the sole member of the board of directors of the Issuer. The highest governing body of the Issuer is the general meeting of shareholders."

1.2. Page 13 – section 2.2.1. Who is the issuer of the securities?

New statutory auditors for the Issuer have been appointed. Hence, the last paragraph of section 2.2.1. *Who is the issuer of the securities?* shall be amended and shall read as follows:

"The statutory auditors of the Issuer are BDO (Liechtenstein) AG, Wuhrstrasse 14, 9490 Vaduz, Liechtenstein."

1.3. Page 13 – section 2.2.2. What is the key financial information regarding the issuer?

The audit report with respect to the financial statements of the Issuer and of Sun Contracting AG as of 31 December 2022 is available. Hence, section 2.2.2. *What is the key financial information regarding the issuer?* shall be amended and shall read as follows:

*"The key financial information is derived from the audited annual financial statements of the Issuer as of 31 December 2022 and as of 31 December 2021, which have been prepared in accordance with the Persons and Companies Act of the Principality of Liechtenstein ("**PGR**") and with generally accepted accounting principles as well as the interim financial statements of the Issuer as of 30 September 2023, which have neither been audited nor reviewed."*

1.4. Page 14 – section 2.2.3. What are the key risks that are specific to the issuer?

The audit report with respect to the financial statements of the Issuer and Sun Contracting AG as of 31 December 2022 is available. Hence, the first paragraph under the heading *Indebtedness* in section 2.2.3. *What are the key risks that are specific to the issuer?* shall be amended and shall read as follows:

"Sun Contracting AG is the most essential company among the Group Companies. According to its annual financial statements as of 31 December 2022, the total liabilities of Sun Contracting AG amount to EUR 126,141,012.81, total borrowed capital amounts to EUR 123,189,471.39, whereas its total equity amounts to EUR 714,816.88. Its financial gearing, its debt-to-equity ratio, is very high and Sun Contracting AG is more sensitive to changes in operating profit."

2. Amendments and supplements to the Risk Factors of the Prospectus

2.1. Page 20 – section 3.1.1. The Issuer is a start-up company

The audit report with respect to the financial statements of the Issuer and Sun Contracting AG as of 31 December 2022 is available. Hence, the second paragraph in section 3.1.1. *The Issuer is a start-up company* shall be amended and shall read as follows:

"The Issuer has to rely, and is heavily depending, on Sun Contracting AG, which is the most essential company among the Group Companies, and on each of the Group Companies. According to its annual financial statements as of 31 December 2022, the total liabilities of Sun Contracting AG amount to EUR 126,141,012.81 (2021: EUR 81,975,023.44), total borrowed capital amounts to EUR 123,189,471.39 (2021: EUR 76,490,156.53), whereas its shareholders' equity amounts to EUR 714,816.88 (2021: EUR 652,115.95). In its report on the financial statements of Sun Contracting AG regarding the business year, which ended on 31 December 2021, the statutory auditors noted that the balance sheet includes financial assets amounting to EUR 42,266,354.62 and receivables amounting to EUR 35,948,054.73. However, the recoverability of financial assets in the amount of EUR 6,764,000.00 and of receivables in the amount of EUR 6,445,147.53 could not be assessed by the statutory auditor. In its report on the financial statements of Sun Contracting AG regarding the business year, which ended on 31 December 2022, the statutory auditors was unable to assess the recoverability of financial assets (shares in affiliated companies) in the amount of EUR 18,640,000.00 and of receivables in the amounts of EUR 25,161,431 (receivables from affiliated companies) and EUR 3,170,111 (delivery receivables from affiliated companies). Additionally, the statutory auditor was unable to assess the recoverability of part of the receivables in the amount of EUR 21,570,464.00 (prepaid commissions) and part of the prepaid expenses in the amount of EUR 8,601,300.00. Hence, its financial gearing, the debt-to-equity ratio, is very high and therefore Sun Contracting AG is more sensitive to changes in operating profit, because annual income has to be devoted for a good part to honour claims of debt holders."

2.2. Page 22 – section 3.1.3. The Issuer is not restricted to incur additional indebtedness or to request guarantees ranking senior or pari passu with the Bonds

New subscription figures for the Issuer's financial instruments are available. Hence, the third to sixth paragraphs under section 3.1.3. *The Issuer is not restricted to incur additional indebtedness or to request guarantees ranking senior or pari passu with the Bonds* shall be amended and shall read as follows:

*"On 11 March 2022 the Issuer issued another bond ("**Sun Invest Clean Energy Euro Bond 2022**") with an aggregate principal amount of up to EUR 20,000,000.00. A prospectus was filed with the FMA Liechtenstein and was approved on 10 March 2022. A public offer had been made in Liechtenstein, Austria, Bulgaria, Croatia, Czech Republic, France, Italy, Luxembourg, Poland, Romania, Slovakia, Slovenia or Switzerland. As of 10 March 2023 bonds of the Sun Invest Clean Energy Euro Bond 2022 in an amount of approximately EUR 2,850,000.00 have been subscribed by investors (disregarding premium). The offer period has expired.*

*On 14 March 2022 the Issuer issued another bond ("**Sun Invest Clean Energy CHF Bond 2022**") with an aggregate principal amount of up to CHF 20,000,000.00. A prospectus was filed with the FMA Liechtenstein and was approved on 14 March 2022. A public offer had been made in Liechtenstein or Switzerland. As of 13 March 2023 bonds of the Sun Invest*

Clean Energy CHF Bond 2022 in an amount of approximately CHF 10,351,000.00 have been subscribed by investors (disregarding premium). The offer period has expired.

On 12 August 2022 the Issuer issued another registered bond ("**Sun Invest Registered Euro Bond 2022-2047**") with an aggregate amount of up to EUR 144,000,000.00. A prospectus was filed with the FMA Liechtenstein and was approved on 12 August 2022. A public offer had been made in Liechtenstein, Austria, Bulgaria, Croatia, Czech Republic, France, Italy, Luxembourg, Poland, Romania, Slovakia, Slovenia or Switzerland. As of 11 August 2023 bonds of the Sun Invest Registered Euro Bond 2022-2047 in an amount of approximately EUR 91,690,086.81 have been subscribed by investors (disregarding premium). The offer period has expired.

On 12 August 2022 the Issuer issued another registered bond ("**Sun Invest Registered CHF Bond 2022-2047**") with an aggregate amount of up to CHF 48,000,000.00. A prospectus was filed with the FMA Liechtenstein and was approved on 12 August 2022. A public offer had been made in Liechtenstein, Austria, Bulgaria, Croatia, Czech Republic, France, Italy, Luxembourg, Poland, Romania, Slovakia, Slovenia or Switzerland. As of 11 August 2023 bonds of the Sun Invest Registered CHF Bond 2022-2047 in an amount of approximately CHF 32,033,083.24 have been subscribed by investors (disregarding premium). The offer period has expired."

2.3. Page 23-24 – section 3.1.7. The Issuer is highly reliant on key personnel

The membership in the board of directors of the Issuer and Sun Contracting AG has changed. Hence, section 3.1.7. *The Issuer is highly reliant on key personnel* shall be amended and shall read as follows:

"The decisions of the Executive Board of the Issuer and the Group Companies are largely dependent on Andreas Pachinger and Markus Urmann and have a material influence on the success of the Issuer and the Group Companies. The loss as an employee or the death of Andreas Pachinger, Markus Urmann or, if applicable, of several members of the Executive Board may have an adverse effect on the net assets, financial position and results of operations of the Group Companies and the Issuer and thus also on the possibility of payment of interest and repayment of the Bonds, in particular if an at least equivalent substitute cannot be obtained immediately.

The success of the Issuer will depend to a significant extent on key personnel with many years of experience in the business areas of the Issuer or the Group Companies. The ability to take on qualified employees, integrate them into a company and retain them in the long term will be of great importance to the Group Companies and the Issuer.

Difficulties in attracting and retaining employees may have a negative impact on the successful development of the Group Companies' and the Issuer's business and may have an adverse effect on the net assets, financial position and results of operations of the Group Companies and the Issuer."

2.4. Page 24 – section 3.1.10. The Issuer has significant outstanding indebtedness

The audit report with respect to the financial statements of the Issuer and Sun Contracting AG as of 31 December 2022 is available. Hence, the following section shall be added below section 3.1.9.:

"According to its annual audited financial statements as of 31 December 2022, the total liabilities of the Issuer amount to EUR 43,353,126.72 (2021: EUR 6,684,208.32), total borrowed capital amounts to EUR 39,848,858.35 (2021: EUR 5,189,760.36), whereas its shareholders' equity amounts to EUR 612,501.31 (2021: EUR 919,961.16). With respect to the financial year that ended on 31 December 2022, the statutory auditor was unable to assess the recoverability of financial assets (loans to affiliated companies) in the amount of EUR 39,424,217.00. Hence, its financial gearing, the debt-to-equity ratio, is very high. As a non-operating company, there is a risk that due to several regular interest payment commitments towards its investors, the Issuer may not survive a decline in the underlying business of the Group Companies."

2.5. Page 25 – section 3.2.1.1. Sun Contracting AG has significant outstanding indebtedness

The audit report with respect to the financial statements of the Issuer and Sun Contracting AG as of 31 December 2022 is available. Hence, section 3.2.1.1. *Sun Contracting AG has significant outstanding indebtedness* shall be amended and shall read as follows:

"The statutory auditor of Sun Contracting AG has issued qualified audit opinions with regard to its financial statements as of 31 December 2020, as of 31 December 2021 and as of 31 December 2022. With respect to the financial year that ended on 31 December 2020, the statutory auditor was unable to assess the recoverability of financial assets in the amount of EUR 6,764,000.00. With respect to the financial year that ended on 31 December 2021, the statutory auditor was unable to assess the recoverability of financial assets in the amount of EUR 6,764,000.00 and of receivables in the amount of EUR 6,445,147.53. With respect to the financial year that ended on 31 December 2022, the statutory auditor was unable to assess the recoverability of financial assets (shares in affiliated companies) in the amount of EUR 18,640,000.00 and of receivables in the amounts of EUR 25,161,431 (receivables from affiliated companies) and EUR 3,170,111 (delivery receivables from affiliated companies). Additionally, the statutory auditor was unable to assess the recoverability of part of the receivables in the amount of EUR 21,570,464.00 (prepaid commissions) and part of the prepaid expenses in the amount of EUR 8,601,300.00.

With respect to the financial years 2020 and 2021, the auditor noted that the annual financial statements for all those years were (contrary to the provisions of Article 179a PGR) not submitted to the general meeting for approval within six months following the end of the respective financial year.

According to its annual audited financial statements as of 31 December 2022, the total liabilities of Sun Contracting AG amount to EUR 126,141,012.81 (2021: EUR 81,975,023.44), total borrowed capital amounts to EUR 123,189,471.39 (2021: EUR 76,490,156.53), whereas its total equity amounts to EUR 714,816.88 (2021: EUR 652,115.95). Hence, its financial gearing, the debt-to-equity ratio, is very high. As a result of this financial gearing, Sun Contracting AG is more sensitive to changes in operating profit, because annual income (operating profit) partly has to be devoted to honour claims of debt holders.

As a company that has entered into the photovoltaic market in 2017, Sun Contracting AG has to rely on financing through debt finance as one source of liquidity and – since 2021 – also on funds to be provided by the Issuer as another source of liquidity. As a consequence, Sun Contracting AG is funding its business and the expansion of its business with funds to be raised from the issue of debt instruments and with loans to be granted by the Issuer

who intends to raise funds by issuing debt instruments (inter alia the Bonds which are covered by this Prospectus). At the date of this Prospectus, the share capital of Sun Contracting AG amounts to CHF 1,000,000.00 and Sun Contracting AG facilitates the public offer of 10,000,000 existing registered shares with a par value of CHF 0.01 per share (Namensaktien). Because of Sun Contracting AG having to rely heavily on debt finance its debt-to-equity ratio is very high. As a company with high financial gearing, Sun Contracting AG is more sensitive to changes in operating profits. There is a risk that due to several regular interest payment commitments, Sun Contracting AG may not survive a decline in its underlying business.

As of the date of this Prospectus, Sun Contracting AG has already issued the following financial instruments and investments ("Veranlagungen", in the sense of the Austrian Capital Market Act):

Issue date: 29 May 2018

Sun Contracting AG issued and offered profit-participating subordinated loans (partiarische Nachrangdarlehen). A public offer was directed at investors, who have their respective seats or residences in the European area, especially Liechtenstein and Switzerland (whereas in Switzerland, the prospectus was approved in accordance with the Financial Services Act (Finanzdienstleistungsgesetz)). Bonds of the Sun Contracting Energy Bond 2022-2027 in a total amount of CHF 700,000.00 were subscribed by investors and accepted by Sun Contracting AG (disregarding premium). The offer period has expired.*

Issue Date: 26 April 2023

Sun Contracting AG issued 10,000,000 existing registered shares with a par value of CHF 0.01 per share (Namensaktien). For the purpose of this offer, a prospectus was filed with the FMA Liechtenstein, which was approved on 26 April 2023. On 12 June 2023, a first supplement to the Prospectus was approved by the FMA Liechtenstein. A public offer was directed at investors, who have their respective seats or residences in the European area, especially Belgium, Bulgaria, Denmark, Germany, Estonia, Finland, Norway, France, Greece, Ireland, Italy, Croatia, Latvia, Lithuania, Luxembourg, Malta, Netherlands, Austria, Poland, Portugal, Romania, Sweden, Slovakia, Slovenia, Spain, Czech Republic, Cyprus and furthermore in the region of Liechtenstein and Switzerland. As of 31 October 2023 registered shares of Sun Contracting AG in a total amount of CHF 19,020,131.85 were subscribed by investors and accepted by Sun Contracting AG.

If Sun Contracting AG does not have sufficient funds at the respective maturity dates of the financial instruments or investments described herein or is not in a position, to secure appropriate follow-up financing to fully redeem each of those financial instruments or investments, this may lead to a default and even to insolvency of Sun Contracting AG.

Further issues:

Sun Contracting AG (or the Issuer, as the case may be) may issue further bonds which may be structured to fit specific needs of clients in specific jurisdictions, in which such bonds will be offered to the general public. As of the date of this Prospectus, Sun Contracting AG has a significant amount of indebtedness, which may impair its operating and financial flexibility and could adversely affect its business and its financial position. A high level of indebtedness could cause Sun Contracting AG to dedicate a substantial portion of cash flow from operations to payments to service debt, which could reduce the funds available for working capital, capital expenditure, acquisitions and other general corporate purposes and could limit its ability to borrow additional funds and its flexibility in planning for, or reacting to, changes in technology, (customer) demand, competitive pressures and the industries in which it operates, placing Sun Contracting AG at a competitive disadvantage compared to those of its competitors that are less leveraged than it is (or not at all). In addition, a high level of indebtedness together with future debt financing, if accessible, may increase the vulnerability of Sun Contracting AG to both general and industry specific adverse economic conditions. This could have a material adverse effect

on Sun Contracting AG and as a consequence on the Issuer's business, results of operations and financial condition.

2.6. Page 35-36 – section 3.2.1.5. As a relatively young company, Sun Contracting AG has only a limited corporate history, it lacks long-term experience and it may be unable to either achieve or sustain profitability or to predict its respective future results accurately. Sun Contracting AG lacks long-term experience with regulatory approvals or with respect to dealings with clients and suppliers in the photovoltaic industry

The audit report with respect to the financial statements of the Issuer and Sun Contracting AG as of 31 December 2022 is available. Hence, the second paragraph under section 3.2.1.5. As a relatively young company, Sun Contracting AG has only a limited corporate history, it lacks long-term experience and it may be unable to either achieve or sustain profitability or to predict its respective future results accurately. Sun Contracting AG lacks

long-term experience with regulatory approvals or with respect to dealings with clients and suppliers in the photovoltaic industry shall be amended and shall read as follows:

"In July 2018 Sun Contracting AG operated only three photovoltaic systems. A year later, in July 2019, Sun Contracting AG (or any of its subsidiaries) operated 125 photovoltaic system and worked on several other projects with respect to photovoltaic (inter alia 72 photovoltaic projects). Currently, Sun Contracting AG or any of its subsidiaries are running 242 photovoltaic projects and are working on several more projects related to photovoltaics. At the same time and over the same period respectively, the debt of Sun Contracting AG increased likewise. According to its annual audited financial statements as of 31 December 2022, the total liabilities of Sun Contracting AG amount to EUR 126,141,012.81 (2021: EUR 81,975,023.44), total borrowed capital amounts to EUR 123,189,471.39 (2021: EUR 76,490,156.53), whereas its shareholders' equity amounts to EUR 714,816.88 (2021: EUR 652,115.95). Hence, its financial gearing, the debt-to-equity ratio, is very high. As a result of this financial gearing, Sun Contracting AG is more sensitive to changes in operating profit, because annual income (operating profit) partly has to be devoted to honour claims of debt holders."

3. Amendments and supplements to the Registration Document for Retail Non-Equity Securities

3.1. Page 46 – section 4.2.1. Names and addresses of the issuer's auditors for the period covered by the historical financial information (together with their membership in a professional body)

New statutory auditors for the Issuer have been appointed. Hence, section 4.2.1. *Names and addresses of the issuer's auditors for the period covered by the historical financial information (together with their membership in a professional body)* shall be amended and shall read as follows:

"Grant Thornton AG, 9494 Schaan, as statutory auditors of the Issuer (Revisionsstelle) has reviewed and audited the annual financial statements of the Issuer as of 31 December 2021. Grant Thornton AG is a member of the Liechtenstein Association of Auditors.

The annual financial statements of the Issuer as of 31 December 2022 were reviewed and audited by BDO (Liechtenstein) AG.

BDO (Liechtenstein) AG has its registered office in Vaduz and its business address at Wuhrstrasse 14, 9490 Vaduz, Principality of Liechtenstein. BDO (Liechtenstein) AG is a member of the Liechtenstein Association of Auditors."

3.2. Page 46-47 – section 4.4.6. Details of any recent events particular to the issuer and which are to a material extent relevant to an evaluation of the issuer's solvency

The audit report with respect to the financial statements of the Issuer and Sun Contracting AG as of 31 December 2022 is available. Hence, section 4.4.6. *Details of any recent events particular to the issuer and which are to a material extent relevant to an evaluation of the issuer's solvency* shall be amended and shall read as follows:

"The Issuer is registered with the commercial register of the Office of Justice of the Principality of Liechtenstein under registration number FL- 0002.654.161-3 since 2 March 2021. Its share capital amounts to EUR 1,000,000.00. With respect to the financial year that ended on 31 December 2022, the statutory auditor was unable to assess the recoverability of financial assets (loans to affiliated companies) in the amount of EUR 39,424,217.00.

Considering the fact that the Issuer has been founded in February 2021 only, it cannot look at a corporate history whatsoever as of the date hereof. Sun Contracting AG (which is holding 100 % of the shares in the Issuer) has been established in September 2017. The Sun Contracting Group or each of the Group Companies are heavily relying on debt capital to pursue and to extend their respective business.

The annual financial statements of Sun Contracting AG (which is the parent company of, and controlling, the Issuer) as of 31 December 2022 were audited by BDO (Liechtenstein) AG in accordance with the auditing standards of the Liechtenstein Association of Auditors. The auditor could not assess the recoverability of financial assets (shares in affiliated companies) in the amount of EUR 18,640,000.00 and of receivables in the amounts of EUR 25,161,431 (receivables from affiliated companies) and EUR 3,170,111 (delivery receivables from affiliated companies). Additionally, the auditor could not assess the

recoverability of part of the receivables in the amount of EUR 21,570,464.00 (prepaid commissions) and part of the prepaid expenses in the amount of EUR 8,601,300.00."

If neither of the above are applicable then the issuer should include (an) appropriate negative statement(s)

The audit report with respect to the financial statements of the Issuer and Sun Contracting AG as of 31 December 2022 is available. Hence, section 4.7.1. a description of: (a) any material adverse change in the prospects of the Issuer since the date of its last published audited financial statements; and (b) any significant change in the financial performance of the group since the end of the last financial period for which financial information has been published to the date of the registration document. If neither of the above are applicable then the issuer should include (an) appropriate negative statement(s) shall be amended and shall read as follows:

"(a) There are not any material adverse changes in the prospects of the Issuer since the date of its annual audited financial statements (for the year, which ended on 31 December 2022). However, it has to be noted that the Issuer is a newly established company that is registered with the commercial register of the Principality of Liechtenstein since 2 March 2021 only.

(b) The latest annual audited financial statements by Sun Contracting AG have been issued for the financial year, which ended on 31 December 2022.

The Issuer is being controlled by Sun Contracting AG, which is holding 100 % of the shares in the Issuer. The Issuer has been established in 2021 by Sun Contracting AG as a special purpose entity to provide funds to each of the companies of the Sun Contracting Group. The Issuer may issue debt instruments, Investments (Veranlagungen) in the sense of the Austrian Capital Market Act (Kapitalmarktgesetz) and Capital Investments (Vermögensanlagen) in the sense of the German Capital Investment Act (Vermögensanlagengesetz). Proceeds to be collected in the course of such issues will be made available to other companies of the Sun Contracting Group (via loan agreements) to be used by such borrowing companies for their respective corporate purposes.

The Issuer is unaware of any significant changes in the financial performance of the Sun Contracting Group since the end of the last financial period for which financial information has been published by Sun Contracting AG to the date of the registration document.

As far as information on any governmental, legal or arbitration proceedings with respect to Sun Contracting AG is concerned, reference is made to section 4.11.5.1. herein.

As far as the several issues and offers of debt instruments by Sun Contracting AG are concerned, please refer to section 3.2.1.1. herein.

In 2021, Sun Contracting AG issued a bearer bond ("**Sun Contracting Energy Bond 2021**") with an aggregate nominal amount of up to CHF 20,000,000.00, which was eligible to be publicly offered in the Principality of Liechtenstein, Austria, Germany and Switzerland. A prospectus was approved by the FMA Liechtenstein on 1 June 2021. The offer period has expired.

In 2022, Sun Contracting AG issued a bearer bond ("**Sun Contracting Energy Bond 2022-2027**") with an aggregate nominal amount of up to CHF 20,000,000.00, which was eligible to be publicly offered in the Principality of Liechtenstein and Switzerland. A prospectus was approved by the FMA Liechtenstein on 30 August 2022. The offer period has expired.

In 2023 Sun Contracting AG issued 10,000,000 existing registered shares with a par value of CHF 0.01 per share (Namensaktien) which are being publicly offered in the European area, especially Belgium, Bulgaria, Denmark, Germany, Estonia, Finland, Norway, France, Greece, Ireland, Italy, Croatia, Latvia, Lithuania, Luxembourg, Malta, Netherlands, Austria, Poland, Portugal, Romania, Sweden, Slovakia, Slovenia, Spain, Czech Republic, Cyprus and furthermore in the region of Liechtenstein and Switzerland. The membership in the board of directors of the Issuer and Sun Contracting AG has changed. Hence, the paragraph under the heading *Board of Directors (Verwaltungsrat)* in section 4.9.1. *Names, business addresses and functions within the issuer of the following persons and an indication of the principal activities performed by them outside of that issuer where these are significant with respect to that issuer: (a) members of the administrative, management or supervisory bodies; (b) partners with unlimited liability, in the case of a limited partnership with a share capital* shall be amended and shall read as follows:

"According to article 16 of the articles of association of the Issuer, the board of directors of the Issuer may consist of one or more members.

Markus Urmann has been appointed to be a member of the board of directors of the Issuer. As of the date of this Prospectus, he is the sole member of the board of directors. Hence, as of the date of this Prospectus, the sole member of the board of directors is:

<u>Name</u>	<u>Position</u>
Markus Urmann	Member of the Board of Directors

Markus Urmann is the sole member and managing director (Geschäftsführer) of the board of directors of the Issuer. Markus Urmann has been working in the financial sector in Austria as well as Central and Eastern Europe for almost 25 years in leading positions in customer relationship and investor relations management. Starting with a large Austrian insurance group and a private equity company, he worked for many years as a sales manager and authorised signatory at an Austrian private bank specialising in asset management and custodianship. Various trainings in both the insurance and securities sectors accompanied Markus Urmann on his career path. Since 2018, Markus Urmann has been working successfully in the field of investor relations management at the Sun Contracting Group and has already been able to demonstrate his skills and experience in the best possible way."

3.9. Page 61 – section 4.9.2. Administrative, management, and supervisory bodies conflicts of interests

The membership in the board of directors of the Issuer and Sun Contracting AG has changed. Hence, the first paragraph in section 4.9.2. *Administrative, management, and supervisory bodies conflicts of interests* shall be amended and shall read as follows:

"As of the date of this Prospectus, Markus Urmann holds executive roles in the Issuer as well as Sun Contracting AG. Any decision to be made by Markus Urmann on behalf of the Issuer or Sun Contracting AG may have an impact on the respective other company, which may be negatively affected by such decision. In addition, the following applies:"

3.10. Page 63 – section 4.10.1. To the extent known to the issuer, state whether the issuer is directly or indirectly owned or controlled and by whom and describe the nature of such control and describe the measures in place to ensure that such control is not abused

Sun Contracting AG has issued registered shares in April 2023. Hence, the following paragraph shall be added below the final paragraph of section 4.10.1. *To the extent known to the issuer, state whether the issuer is directly or indirectly owned or controlled and by whom and describe the nature of such control and describe the measures in place to ensure that such control is not abused:*

"In 2023 Sun Contracting AG issued the total amount of 10,000,000 existing registered shares held by itself with a par value of CHF 0.01 per share (Namensaktien) which are being publicly offered in the European area, especially Belgium, Bulgaria, Denmark, Germany, Estonia, Finland, Norway, France, Greece, Ireland, Italy, Croatia, Latvia, Lithuania, Luxembourg, Malta, Netherlands, Austria, Poland, Portugal, Romania, Sweden, Slovakia, Slovenia, Spain, Czech Republic, Cyprus and furthermore in the region of Liechtenstein and Switzerland. *The figures marked with an * are amended due to changes in accounting by the new auditor and do not correspond to the figures in the corresponding annexes. The new statutory auditor has reclassified the presentation of loans to Group companies. These were reclassified from receivables to financial assets as, in the opinion of the statutory auditor, a corresponding change was necessary for legal reasons due to the long duration of the loans.*

(d) the accounting policies and explanatory notes.

Accounting and valuation methods

Accounting is carried out in accordance with the provisions of the Liechtenstein Persons and Company Act (PGR). The financial statements have been prepared in accordance with legal requirements and generally accepted accounting principles. The primary objective of accounting is to present a true and fair view of the net assets, financial position and results of operations of the company (true and fair view). The general evaluation principles of the PGR are applied. The valuation was based on the going concern assumption.

Asset and liability accounts are valued individually. Assets and liabilities are not offset against each other.

Assets are stated at their acquisition or production cost less scheduled and unscheduled depreciation and value adjustments as provided for by the PGR.

The accounts shall be kept in EUR.

The tax rate was used to translate foreign currencies into EUR on the balance sheet date.

Deviations from the general valuation principles

There are no deviations from the valuation principles, accounting methods, accounting regulations and the principle of a true and fair view according to PGR in these financial statements.

Deviations from presentation consistency

There is no deviation from the consistency of presentation

Guarantees, warranty obligations, pledges and other contingent liabilities

None.

3.14. Page 83 – section 4.11.4.1. The historical annual financial information must be independently audited [...]

The audit report with respect to the financial statements of the Issuer and Sun Contracting AG as of 31 December 2022 is available. Hence, the following paragraphs shall be added below the final paragraph of section 4.11.4.1. *The historical annual financial information must be independently audited [...]*:

"Financial statements of the Issuer as of 31 December 2022 (attached to this Prospectus as Annex XII)

BDO (Liechtenstein) AG has audited the annual financial statements of the Issuer as of 31 December 2022 and the following statement is made in the accompanying report on the annual financial statement:

"Report of the Statutory Auditor to the General Meeting of the Shareholders of Sun Invest AG, Balzers (FL-0002.654.161-3)

As statutory auditor, we have reviewed the financial statements of Sun Invest AG, which have been prepared in accordance with Liechtenstein law, for the year ended 31 December 2022. The previous year's figures were audited by another auditor.

These financial statements are the responsibility of the Board of Directors. Our responsibility is to issue a report on these financial statements based on our review. We confirm that we meet the qualification and independence requirements as stipulated by Liechtenstein law.

Our review was conducted in accordance with the standard on the review of financial statements issued by the WPV ["Liechtensteinische Wirtschaftsprüfervereinigung": Liechtenstein Association of Auditors]. This standard requires that we plan and perform the review in such a way as to enable material misstatements in the financial statements to be detected, albeit with less assurance than in a statutory audit. A review consists primarily of inquiries of company personnel and analytical procedures in relation to the data used to prepare the financial statements. We have conducted a review and not an audit. Accordingly, we do not express an audit opinion.

The following should be noted with regard to the annual financial statements:

The recoverability of financial assets (loans to affiliated companies) in the amount of EUR 39,424,217 cannot be conclusively assessed based on the documents available to us. be conclusively assessed.

In the course of our review - with the exception of the restrictions set out in the preceding paragraphs -, nothing has come to our attention that causes us to believe that the financial statements do not give a true and fair view of the company's net assets, financial position and results of operations in accordance with Liechtenstein law. Furthermore - with the exception of the restrictions set out in the preceding paragraphs -, nothing has come to our attention that causes us to believe that the financial statements do not comply with Liechtenstein law and the company's articles of incorporation.

Based on our review, we recommend - taking the above restrictions into account - these financial statements for approval.

Should write-downs or value adjustments become necessary on the restricted position, half of the capital loss or over-indebtedness pursuant to Art. 182e and Art. 182f PGR and the corresponding regulations would have to be followed.

We draw attention to the note "Uncertainty regarding the ability to continue as a going concern" in the notes to the financial statements, where it is stated that a material uncertainty exists that may cast significant doubt about Sun Invest AG's ability to continue as a going concern. If Sun Invest AG's ability to continue as a going concern were rendered impossible, the financial statements would have to be prepared on the basis of liquidation values.

Vaduz, 30. November 2023

BDO (Liechtenstein) AG"

The note "Uncertainty regarding the ability to continue as a going concern" reads as follows:

"Sun Invest AG raises funds by issuing bonds. These are passed on in the form of loans to related and affiliated companies for investment in photovoltaic projects. The projects are capital-intensive and are only realized if Sun Invest continues to raise the necessary funds on a revolving basis. The management's projections are based on the assumption that the grid feed-in of the electricity generated by the photovoltaic systems (largely guaranteed by the state), proceeds from the construction of photovoltaic projects for third parties, and the sale of existing photovoltaic systems can generate sufficient cash flow to pay the liabilities to lenders and to cover current and future financing costs. Appropriate plans have been developed and have proven to be robust to date. If the planned long-term development targets and budgets are not achieved, there is an entrepreneurial risk through write-downs of individual assets, offsets within the Group and loans at the expense of equity. Entrepreneurial risk is understood to mean that a significant uncertainty with regard to the company's ability to continue as a going concern."

Hence, the auditor was unable to assess the recoverability of financial assets (loans to affiliated companies) in the amount of EUR 39,424,217.00.

As a consequence, the auditor issued a qualified audit opinion with regard to the financial statements for the fiscal year that ended on 31. December 2022.

Financial statements of Sun Contracting AG as of 31 December 2022 (attached to this Prospectus as Annex XV)

BDO (Liechtenstein) AG has audited the annual financial statements of Sun Contracting AG as of 31 December 2022 and the following statement is made in the accompanying report on the annual financial statement:

"Report of the Statutory Auditor to the General Meeting of the Shareholders of

Sun Contracting AG, Balzers (FL-0002.555.661-3)

As statutory auditor, we have reviewed the financial statements of Sun Contracting AG, which have been prepared in accordance with Liechtenstein law, for the year ended 31 December 2022. The previous year's figures were audited by another auditor.

These financial statements are the responsibility of the Board of Directors. Our responsibility is to issue a report on these financial statements based on our review. We confirm that we meet the qualification and independence requirements as stipulated by Liechtenstein law.

Our review was conducted in accordance with the standard on the review of financial statements issued by the WPV ["Liechtensteinische Wirtschaftsprüfervereinigung": Liechtenstein Association of Auditors]. This standard requires that we plan and perform the review in such a way as to enable material misstatements in the financial statements to be detected, albeit with less assurance than in a statutory audit. A review consists primarily of inquiries of company personnel and analytical procedures in relation to the data used to prepare the financial statements. We have conducted a review and not an audit. Accordingly, we do not express an audit opinion.

The following should be noted with regard to the annual financial statements:

The recoverability of financial assets (shares in affiliated companies) in the amount of EUR 18,640,000, receivables (receivables from affiliated companies) in the amount of EUR 25,161,431 and receivables (delivery receivables from affiliated companies) in the amount of EUR 3,170,111 cannot be conclusively assessed based on the documents available to us.

In addition, based on the documents available to us, we are not able to conclusively assess part of the receivables in the amount of EUR 21,570,464 (prepaid commissions) and part of the prepaid expenses in the amount of EUR 8,601,300.

In the course of our review - with the exception of the restrictions set out in the preceding paragraphs -, nothing has come to our attention that causes us to believe that the financial statements do not give a true and fair view of the company's net assets, financial position and results of operations in accordance with Liechtenstein law. Furthermore - with the exception of the restrictions set out in the preceding paragraphs -, nothing has come to our attention that causes us to believe that the financial statements do not comply with Liechtenstein law and the company's articles of incorporation.

Based on our review, we recommend - taking the above restrictions into account - these financial statements for approval.

We would like to point out that the company has acquired treasury shares in the amount of EUR 54,890. In accordance with Art. 306d para. 2 PGR, an amount corresponding to the book value of the treasury shares must be placed in an unavailable reserve for treasury shares. No reserves were created for treasury shares.

Should write-downs or value adjustments become necessary on the restricted items, a half capital loss or over-indebtedness in accordance with Art. 182e and Art. 182f PGR could occur and the corresponding regulations would have to be complied with.

We draw attention to the note "Uncertainty regarding the ability to continue as a going concern" in the notes to the financial statements, where it is stated that a material

uncertainty exists that may cast significant doubt about Sun Contracting AG's ability to continue as a going concern. If Sun Contracting AG's ability to continue as a going concern were rendered impossible, the financial statements would have to be prepared on the basis of liquidation values.

Vaduz, 30. November 2023

BDO (Liechtenstein) AG"

The note "Uncertainty regarding the ability to continue as a going concern" reads as follows:

"Sun Contracting AG raises funds by issuing bonds. These are passed on to affiliated companies for investment in photovoltaic projects via shareholdings and loans. The projects are capital-intensive and will only be realized if Sun Contracting continues to raise the necessary funds on a revolving basis. The management's projections are based on the assumption that sufficient cash flow can be generated from the grid feed-in of the electricity generated from the photovoltaic systems (largely guaranteed by the state), from proceeds from the construction of photovoltaic projects for third parties and from the sale of existing photovoltaic systems to pay the liabilities and cover current and future financing costs. Appropriate plans have been developed and have proven to be robust to date. If the planned long-term development targets and budgets are not achieved, there is an entrepreneurial risk due to write-downs of individual assets, offsetting within the Group companies and investments at the expense of equity.

Entrepreneurial risk means that there may then be significant uncertainty with regarding the company's ability to continue as a going concern.

After the balance sheet date, the management has already taken initial measures to secure short- and medium- term liquidity and strengthen equity by selling its own shares.

Management also assumes that there are corresponding hidden reserves in the photovoltaic projects of the subsidiaries, although the hidden reserves were not quantified at the time the annual financial statements were prepared. The management continues to ensure that the planned results are achieved in the subsidiaries and that a medium- to long-term repayment of liabilities is guaranteed by the income from the sale of electricity and the aforementioned proceeds. The business model is tried-and-tested, proven and sustainable. Sun Contracting AG's equity base is standard for the industry. All plants are strictly contracted. Compliance with deadlines, sustainability and long-term orientation should therefore be expressly pointed out once again."

Hence, the auditor was unable to assess the recoverability of financial assets in the amount of EUR 18,640,000.00 and of receivables in the amount of EUR 28,331,542.00. Additionally, part of the receivables in the amount of EUR 21,570,464.00 (prepaid commissions) and part of the prepaid expenses in the amount of EUR 8,601,300.00 could not be assessed by the auditor.

As a consequence, the auditor issued a qualified audit opinion with regard to the financial statements for the fiscal year that ended on 31. December 2022."

3.15. Page 85 – section 4.11.6. Significant change in the issuer's financial position

The audit report with respect to the financial statements of the Issuer and Sun Contracting AG as of 31 December 2022 is available. Hence, section 4.11.6. *Significant change in the issuer's financial position* shall be amended and shall read as follows:

"There has not been a significant change in the Issuer's financial position or performance since the latest interim financial information as of 30 September 2023. Further, there has not been any material adverse change in the prospects of the Issuer since the latest interim financial information as of 30 September 2023."

4. Amendments and supplements to the Securities Note for Retail Non-Equity Securities

4.1. Page 91 – section 5.3.2. Reasons for the offer and use of proceeds [...]

New subscription figures for the Issuer's financial instruments are available. Hence, the second to fifth paragraphs under section 5.3.2. *Reasons for the offer and use of proceeds [...]* shall be amended and shall read as follows:

5.4. Page 4 of the German translation of the summary – 2.2.3. Welches sind die zentralen Risiken, die für den Emittenten spezifisch sind?

The audit report with respect to the financial statements of the Issuer and Sun Contracting AG as of 31 December 2022 is available. Hence, the first paragraph under the heading *Indebtedness* in section 2.2.3. *What are the key risks that are specific to the issuer?* shall be amended and shall read as follows (Die Abschlussprüfung im Zusammenhang mit der Jahresrechnung der Emittentin und der Sun Contracting AG für das Geschäftsjahr, das am 31. Dezember 2022 endete, liegt vor. Der erste Absatz im Abschnitt *Verschuldung* unterhalb der Überschrift 2.2.3. *Welches sind die zentralen Risiken, die für den Emittenten spezifisch sind?* wird geändert und lautet wie folgt):

"Die Sun Contracting AG ist die wichtigste Gesellschaft innerhalb der Sun Contracting Gruppe. Gemäß ihrer geprüften Jahresrechnung zum 31. Dezember 2022 belaufen sich die Passiven der Sun Contracting AG auf EUR 126.141.012,81, das totale Fremdkapital auf EUR 123.189.471,39, während sich das Eigenkapital auf EUR 714.,816,88 beläuft. Der Verschuldungsgrad ist sehr hoch, weswegen die Sun Contracting AG dem Risiko von Schwankungen der Umsatzerlöse besonders stark ausgesetzt ist."

6. Amendments and supplements to the summary of the Prospectus (Bulgarian Translation)

6.1. Page 13 – section 2.2.1. Кой е емитентът на ценните книжа?

The membership in the board of directors of the Issuer and Sun Contracting AG has changed. Hence, the second-to-last paragraph of section 2.2.1. *Who is the issuer of the securities?* shall be amended and shall read as follows: (Членството в съвета на директорите на Емитента и Sun Contracting AG е променено. Поради това предпоследният параграф на раздел 2.2.1. *Кой е емитентът на ценните книжа?* се изменя и гласи следното:)

„Към датата на този Проспект Маркус Урман е едноличен член на съвета на директорите на Емитента. Най-висшият орган на управление на Емитента е общото събрание на акционерите.“

6.2. Page 13 – section 2.2.1. Кой е емитентът на ценните книжа?

New statutory auditors for the Issuer have been appointed. Hence, the last paragraph of section 2.2.1. *Who is the issuer of the securities?* shall be amended and shall read as follows: (Назначени са нови законово определени одитори на Емитента. Поради това, последният параграф на раздел 2.2.1. *Кой е емитентът на ценните книжа?* се изменя и гласи следното:)

„Законово определените одитори на Емитента са AREVA Allgemeine Revisions- und Treuhand AG, 9490 Вадуц, Drescheweg 2, Лихтенщайн.“

6.3. Page 13 – section 2.2.2. Каква е основната финансова информация относно емитента?

The audit report with respect to the financial statements of the Issuer and of Sun Contracting AG as of 31 December 2022 is available. 14.4. Stran 14 – oddelek 2.2.3. Katera so ključna tveganja, povezana z Izdajateljem?

The audit report with respect to the financial statements of the Issuer and Sun Contracting AG as of 31 December 2022 is available. Hence, the first paragraph under the heading *Indebtedness* in section 2.2.3. *What are the key risks that are specific to the issuer?* shall be amended and shall read as follows (Na voljo je revizijsko poročilo v zvezi z računovodskimi izkazi Izdajatelja in družbe Sun Contracting AG na dan 31. decembra 2022. Zato se prvi odstavek pod naslovom *Zadolženost* v poglavju 2.2.3. *Katera so ključna tveganja, povezana z Izdajateljem?* spremeni tako, da se glasi):

"Sun Contracting AG je najpomembnejša družba v skupini družb. Glede na letne računovodske izkaze na dan 31. decembra 2022, znašajo skupne obveznosti družbe Sun Contracting AG 126.141.012,81 EUR, skupni izposojeni kapital znaša 123.189.471,39 EUR, skupni lastniški kapital pa 714.816,88 EUR. Njegovo finančno zadolževanje, razmerje med dolgom in lastniškim kapitalom, je zelo visoko, zato je družba Sun Contracting AG bolj občutljiva na spremembe dobička iz poslovanja."

Report of the Statutory Auditor to the General Meeting of the Shareholders of

Sun Invest AG, Balzers (FL-0002.654.161-3)

As statutory auditor, we have reviewed the financial statements of Sun Invest AG, which have been prepared in accordance with Liechtenstein law, for the year ended 31 December 2022. The previous year's figures were audited by another auditor.

These financial statements are the responsibility of the Board of Directors. Our responsibility is to issue a report on these financial statements based on our review. We confirm that we meet the qualification and independence requirements as stipulated by Liechtenstein law.

Our review was conducted in accordance with the standard on the review of financial statements issued by the WPV ["Liechtensteinische Wirtschaftsprüfervereinigung": Liechtenstein Association of Auditors]. This standard requires that we plan and perform the review in such a way as to enable material misstatements in the financial statements to be detected, albeit with less assurance than in a statutory audit. A review consists primarily of inquiries of company personnel and analytical procedures in relation to the data used to prepare the financial statements. We have conducted a review and not an audit. Accordingly, we do not express an audit opinion.

The following should be noted with regard to the annual financial statements:

The recoverability of financial assets (loans to affiliated companies) in the amount of EUR 39,424,217 cannot be conclusively assessed based on the documents available to us. be conclusively assessed.

In the course of our review - with the exception of the restrictions set out in the preceding paragraphs -, nothing has come to our attention that causes us to believe that the financial statements do not give a true and fair view of the company's net assets, financial position and results of operations in accordance with Liechtenstein law. Furthermore - with the exception of the restrictions set out in the preceding paragraphs -, nothing has come to our attention that causes us to believe that the financial statements do not comply with Liechtenstein law and the company's articles of incorporation.

Based on our review, we recommend - taking the above restrictions into account - these financial statements for approval.

Should write-downs or value adjustments become necessary on the restricted position, half of the capital loss or over-indebtedness pursuant to Art. 182e and Art. 182f PGR and the corresponding regulations would have to be followed.

We draw attention to the note "Uncertainty regarding the ability to continue as a going concern" in the notes to the financial statements, where it is stated that a material uncertainty exists that may cast significant doubt about Sun Invest AG's ability to continue as a going concern. If Sun Invest AG's ability to continue as a going concern were rendered impossible, the financial statements would have to be prepared on the basis of liquidation values.

NOTES TO THE ANNUAL FINANCIAL STATEMENT AS AT 31 DECEMBER 2022
(EUR)

General Information

This annual financial statement was generated in accordance with the Liechtenstein Persons and Companies Act (PGR). The primary aim of financial reporting is to give a true and fair view of the assets, liabilities, financial position and profit or loss of the company corresponding to the true circumstances.

Accounting and valuation methods

The general valuation principles of the PGR apply. This valuation was based on the assumption that the company will continue as a going concern. The valuation was based on realisable values. Accounting took place in Euro (EUR).

The valuation of assets and liabilities was based on the principle of individual valuation. The annual financial statement is based on acquisition and manufacturing costs. Assets and liabilities are recognised at nominal value - not cash value. While only the amounts realised on the balance sheet date are taken into account, all known future burdens associated with the past financial year are factored in too.

In the event of any changes in the structure of the annual financial statement compared with the previous year, any previous year's figures are adjusted.

There are no deviations from the general valuation principles, accounting methods or financial reporting regulations under the PGR.

Foreign currency conversion

The tax rate was used for the conversion of foreign currencies as of the balance sheet date in Euro.

Additional information on liabilities

The total amount of liabilities with a residual maturity of more than five years equals:

Uncertainty regarding the ability to continue as a going concern:

Sun Invest AG raises funds by issuing bonds. These are passed on in the form of loans to related and affiliated companies for investment in photovoltaic projects. The projects are capital-intensive and are only realized if Sun Invest continues to raise the necessary funds on a revolving basis. The management's projections are based on the assumption that the grid feed-in of the electricity generated by the photovoltaic systems (largely guaranteed by the state), proceeds from the construction of photovoltaic projects for third parties, and the sale of existing photovoltaic systems can generate sufficient cash flow to pay the liabilities to lenders and to cover current and future financing costs. Appropriate plans have been developed and have proven to be robust to date. If the planned long-term development targets and budgets are not achieved, there is an entrepreneurial risk through write-downs of individual assets, offsets within the Group and loans at the expense of equity. Entrepreneurial risk is understood to mean that a significant uncertainty with regard to the company's ability to continue as a going concern.

No other reportable information exists within the meaning of Article 1091 et seqq. of the PGR.

Report of the Statutory Auditor to the General Meeting of the Shareholders of

Sun Contracting AG, Balzers (FL-0002.555.661-3)

As statutory auditor, we have reviewed the financial statements of Sun Contracting AG, which have been prepared in accordance with Liechtenstein law, for the year ended 31 December 2022. The previous year's figures were audited by another auditor.

These financial statements are the responsibility of the Board of Directors. Our responsibility is to issue a report on these financial statements based on our review. We confirm that we meet the qualification and independence requirements as stipulated by Liechtenstein law.

Our review was conducted in accordance with the standard on the review of financial statements issued by the WPV ["Liechtensteinische Wirtschaftsprüfervereinigung": Liechtenstein Association of Auditors]. This standard requires that we plan and perform the review in such a way as to enable material misstatements in the financial statements to be detected, albeit with less assurance than in a statutory audit. A review consists primarily of inquiries of company personnel and analytical procedures in relation to the data used to prepare the financial statements. We have conducted a review and not an audit. Accordingly, we do not express an audit opinion.

The following should be noted with regard to the annual financial statements:

The recoverability of financial assets (shares in affiliated companies) in the amount of EUR 18,640,000, receivables (receivables from affiliated companies) in the amount of EUR 25,161,431 and receivables (delivery receivables from affiliated companies) in the amount of EUR 3,170,111 cannot be conclusively assessed based on the documents available to us.

In addition, based on the documents available to us, we are not able to conclusively assess part of the receivables in the amount of EUR 21,570,464 (prepaid commissions) and part of the prepaid expenses in the amount of EUR 8,601,300.

In the course of our review - with the exception of the restrictions set out in the preceding paragraphs -, nothing has come to our attention that causes us to believe that the financial statements do not give a true and fair view of the company's net assets, financial position and results of operations in accordance with Liechtenstein law. Furthermore - with the exception of the restrictions set out in the preceding paragraphs -, nothing has come to our attention that causes us to believe that the financial statements do not comply with Liechtenstein law and the company's articles of incorporation.

Based on our review, we recommend - taking the above restrictions into account - these financial statements for approval.

We would like to point out that the company has acquired treasury shares in the amount of EUR 54,890. In accordance with Art. 306d para. 2 PGR, an amount corresponding to the book value of the treasury shares must be placed in an unavailable reserve for treasury shares. No reserves were created for treasury shares.

Should write-downs or value adjustments become necessary on the restricted items, a half capital loss or over-indebtedness in accordance with Art. 182e and Art. 182f PGR could occur and the corresponding regulations would have to be complied with.

We draw attention to the note "Uncertainty regarding the ability to continue as a going concern" in the notes to the financial statements, where it is stated that a material uncertainty exists that may cast significant doubt about Sun Contracting AG's ability to continue as a going concern. If Sun Contracting AG's ability to continue as a going concern were rendered impossible, the financial statements would have to be prepared on the basis of liquidation values.

NOTES TO THE ANNUAL FINANCIAL STATEMENT AS AT 31 DECEMBER 2022
(EUR)

General Information

This annual financial statement was generated in accordance with the Liechtenstein Persons and Companies Act (PGR). The primary aim of financial reporting is to give a true and fair view of the assets, liabilities, financial position and profit or loss of the company corresponding to the true circumstances.

Accounting and valuation methods

The general valuation principles of the PGR apply. This valuation was based on the assumption that the company will continue as a going concern. The valuation was based on realisable values. Accounting took place in Euro (EUR).

The valuation of assets and liabilities was based on the principle of individual valuation. The annual financial statement is based on acquisition and manufacturing costs. Assets and liabilities are recognised at nominal value - not cash value. While only the amounts realised on the balance sheet date are taken into account, all known future burdens associated with the past financial year are factored in too.

In the event of any changes in the structure of the annual financial statement compared with the previous year, any previous year's figures are adjusted.

There are no deviations from the general valuation principles, accounting methods or financial reporting regulations under the PGR.

Foreign currency conversion

The tax rate was used for the conversion of foreign currencies as of the balance sheet date in Euro.

Additional information on liabilities

The total amount of liabilities with a residual maturity of more than five years equals:

Guarantees, guarantee obligations, pledge order, contingent liabilities:

Sun Contracting AG has entered into a guarantee in favor of a bank liability of Sun Contracting Germany GmbH in the amount of EUR 462,000. In addition, a hard letter of comfort was issued for a loan agreement between a bank and Sun Contracting Projekt GmbH (Linz) in the amount of EUR 3.5 million.

Uncertainty regarding the ability to continue as a going concern:

Sun Contracting AG raises funds by issuing bonds. These are passed on to affiliated companies for investment in photovoltaic projects via shareholdings and loans. The projects are capital-intensive and will only be realized if Sun Contracting continues to raise the necessary funds on a revolving basis. The management's projections are based on the assumption that sufficient cash flow can be generated from the grid feed-in of the electricity generated from the photovoltaic systems (largely guaranteed by the state), from proceeds from the construction of photovoltaic projects for third parties and from the sale of existing photovoltaic systems to pay the liabilities and cover current and future financing costs. Appropriate plans have been developed and have proven to be robust to date. If the planned long-term development targets and budgets are not achieved, there is an entrepreneurial risk due to write-downs of individual assets, offsetting within the Group companies and investments at the expense of equity. Entrepreneurial risk means that there may then be significant uncertainty with regarding the company's ability to continue as a going concern.

After the balance sheet date, the management has already taken initial measures to secure short- and medium-term liquidity and strengthen equity by selling its own shares.

Management also assumes that there are corresponding hidden reserves in the photovoltaic projects of the subsidiaries, although the hidden reserves were not quantified at the time the annual financial statements were prepared. The management continues to ensure that the planned results are achieved in the subsidiaries and that a medium- to long-term repayment of liabilities is guaranteed by the income from the sale of electricity and the aforementioned proceeds. The business model is tried-and-tested, proven and sustainable. Sun Contracting AG's equity base is standard for the industry. All plants are strictly contracted. Compliance with deadlines, sustainability and long-term orientation should therefore be expressly pointed out once again.

No other reportable information exists within the meaning of Article 1091 et seqq. of the PGR.
